International Society of Educational and Cultural Exchange (ISECE)

<http://www.isece.jp>
☎ 03-3267-2224

ISECE endeavors to increase mutual understanding and cultural appreciation among the young people and educators of the world by cooperating with educational establishments such as education boards, universities, local governments and civil organizations for intercultural exchange. We offer a variety of human resources development programs and cross-cultural training programs.

The Au Pair program is one of our programs in which the participants stay with one of the local host families and would work as a caretaker of the host families' children basically for one year. If there are schools looking for teachers or assistants, our participants could be one of your choices. We also offer international summer programs in the United States, United Kingdom, Canada, Switzerland and Australia for children 5 - 19 years old. This program provides unforgettable experience for small kids learning about various cultures and meeting many friends from all over the world.

East-West Photography**

[Keyshots.com](http://www.keyshots.com)
☎ 03-6804-8586

Keyshots photography offers a complete School Photography Service for Local and International Schools in Tokyo and the surrounding areas. Firmly established in the community for the past 10 years, we offer many services and products to support your school and extended community.

Our most popular School Photography Day service is offered to all schools as a COMPLIMENTARY service. Our fees and charges are based on offering value added print packages to parents and families that attend your school on a no-obligation basis. Parents may choose to purchase or not - its entirely their choice. We pride ourselves on making School Photo Day a fun and pleasant experience for Teachers, Parents and Children and always aspire to making children feel relaxed and comfortable. This of course helps us to produce beautiful portraits that turn moments in your students lives into treasured memories of their school days.

National Geographic Learning

<http://www.cengage.jp/elt/>
☎ 03-3511-4392

At National Geographic Learning, a part of Cengage Learning, we publish high quality learning programs for EFL/ESL, reading and writing, science, social studies, and assessment, for early childhood through adult learners.

Our goal is to create exciting and inspiring learning materials that bring our world and its different cultures to life, and that capture and reflect the mission and values of the National Geographic Society and its works. In our learning materials we share the stories of photographers, explorers, writers and scientists, whose work increases our knowledge of the world - and each other.

Our mission is to bring the world to the classroom - and the classroom to life.
